Our goal at Encore Dance Center is to educate the minds, as well as the bodies, of our students, and to teach them the skills needed for a successful life, whether or not they stay involved in dance.

We believe in teaching strong technique based dance classes that will joyfully energize and inspire students of all ages. It is important to us that during each and every class, students not only learn how to dance, but that they also have fun.

Dance education is important to every child. Dance technique teaches dancers how to move their body, and that understanding transitions into all physical activity including sports. In addition to physical learning of body placement, students also gain an understanding of important mental and emotional life lessons.

Dance education encompasses far more than technique or the steps your children will learn. We believe the discipline of dance training gives young people a better understanding of commitment by offering them the chance to learn, experience the spirit of teamwork, and understand what hard work can accomplish.

We believe that the key to dance education is small class size. Dance requires one on one time with the instructor, and therefore we allow a maximum of fifteen students in each class. Most of our classes have around eight students, and we find that our students learn and excel faster with our smaller classes.

We welcome you to Encore Dance Center and thank you for your interest. If you have any questions or would like any additional information, please call our office at 847.816.0400, or visit our website at [www.encore-dance-center.com](http://www.encore-dance-center.com).

## Petit Feet Classes: Ages 2 ½ - 5

All Petit Feet classes are a combination of both creative movement and pre-dance technique. We encourage our little dancers to experience dance in a fun environment, while learning rhythm and locomotor skills, as well as self-confidence and coordination.

All classes prepare the dancer for our student division dance classes, as well as prepare the student for any activity. Petit Feet classes teach the dancers balance and coordination, as well as help them to excel at turning and jumping. We have found that when our dancers start at a young age, they are more active throughout school whether that includes dance or other sports.

### Petit Feet 2

**Must be two by March 1, 2011**

*Please Note:* Our Petit Feet 2 classes are for dancers who are ready to separate from their parents. After the first few classes, any dancers not able to be in the studio without their parents will be asked to try ballet when they are three.

Friday	12:30 - 1:45	A	\$250

If you do not find a class that fits into your schedule, please contact the office and we will do everything possible to create a class that fits your schedule. Often times we have other students who have the same scheduling needs that you do. We will create a new class as long as we have four students who will enroll in the new class.

## Pre-Dance Classes: Ages 5 - 6

At Encore, we offer our Pre-Dancers a choice of Pre-Ballet, Pre-Tap, Pre-Jazz, and Pre-Hip Hop. We encourage our young dancers to experience dance in a fun environment, while learning the foundations of dance, self-confidence and coordination.

Dancers may choose between any technique class or combination of them. For some students they prefer to take only their favorite type of dance, but other dancers are ready to try more than one. Our Level II classes are for students who have already taken level I, but are not yet in first grade and therefore cannot move into our student division classes.

## Ballet

Our classical ballet technique is an American style, with European influences. French terminology is taught in all ballet classes, and ballet is recommended for all students seriously interested in pursuing dance. Ballet not only increases strength and flexibility, it also teaches grace, self-confidence, discipline and manners.

## Hip-Hop

Hip Hop is the newest dance form, and is still growing and expanding. Hip Hop dance evolved from three dance styles: breaking, locking, and popping. It then fused with the ideas and choreographic elements of jazz dance to create a hybrid dance form. All of our Hip Hop classes are technique based and have movement that is age appropriate.

## Jazz

Jazz is a style of dance that began last century, and is distinguished by movement isolations and complex propulsive polyrhythms. Jazz dance is most notably strong and sharp movement. Our jazz technique is an eclectic version of all popular forms of jazz, including Classic, Lyrical, and Jazz Funk.

## Tap

Tap dance is a type of dance that concentrates on foot work and rhythm. Tap dancers wear special shoes with metal on the bottom to make a clicking sound, and because of that some consider tap dancers to be a percussive musician. Our tap technique is a diverse style of varying tap forms, and stresses rhythm, syncopation, and sound patterns.

**Ladies' Attire for Tap:** Hair in a ponytail, solid color leotard or tight fitting tank top, black jazz pants or tights, and black tap shoes.

**Gentlemen' Attire for Tap:** Solid color T-shirt, black pants, and black tap shoes.

## Poms

Poms classes are for students looking to try-out for school poms and dance teams. In addition to improving general dance technique, Poms classes focus on precise arm movement and formation changes. Poms classes include various dance forms, including Jazz, Hip Hop and Kick Lines.

**Ladies' Attire for Poms:** Hair in a ponytail, solid color tight fitting tank top, black jazz pants, and black jazz shoes or jazz sneakers.

If you do not find a class that fits into your schedule, please contact the office and we will do everything possible to create a class that fits your schedule. Often times we have other students who have the same scheduling needs that you do. We will create a new class as long as we have four students who will enroll in the new class.
